

Family Options Counseling, LLC
Social Skills Program for Kids

Social Skills Group Schedule

This therapeutic group will allow your child to learn and practice social skills that are used daily at home and in school settings. This group is designed to allow youth to practice the skills in group by the use of games, role plays, and activities. The youth will enhance their skills while having fun.

It is important that your child attend all the group therapy sessions as many skills build upon each other. It is also important that the youth arrive on time for these sessions. During the course of treatment, we encourage parents and caregivers to contact the therapists with any questions, concerns, or feedback regarding their child's struggles and successes:

Ms. Rebecca Messnick, MS, LPC, NCC
Social Skills Program Coordinator
414-431-4444 EXT 123
rmessnick@familyoptions.com

Groups will take place on **Thursdays from 4:30pm-5:30pm**. Group will be facilitated by Connor Kassuba - Clinical Intern, Shalay Rogers - Clinical Intern, Bunyamin Atay - Clinical Intern, and supervised by Rebecca Messnick, M.S., LPC, NCC.

Please be sure that the youth arrive just before their session and are picked up immediately after the session.

Groups will be held at:
